## THIS IS UNEVALUATED INFORMATION

The total number of projects to be incorporated in this special Plan and their subjects are known easy to the uead of ZAT. It is known, however, that the following projects figure in the special Flan for 1995:

25X1

to be religious of milities relities

. Provelopment of a fire sires (dignelhour fuer die Beuerwein).

. Dow lephent of Perfor as pure bute material,

In in furthermore known that a total of about ten projects Palling under a pervision of Parhgebiet Lalenti dustrie were incorporated in this wishest Plan. About rive projects of Fachgehiet Medizin and Domashrungs-wishesschaft were also included. The number for Fachgehiet Nachrichterthoughes they as of early Miresber 1987 but sught be dearested later

It in warms that the special Plan mentioned is identical with the area led The Pear which were established really to 1994. This seems to be recorded by the fact that or jects aimi as to these mentions to be as and allowe were in the forcer Plan for Myl. With this Plan originally region) only appeared project of extrict out for the Tolkspolice of the

their subject to the hat the following the subject to the hat the following the sure in

this special Plan and It is known, however, Plan for 1955:

25X1

a. Development of rubber rafts.

b. Development of a fire

(Stgnalhorn fuer die Feuerwehr).

c. Development of Perlor s parachute material.

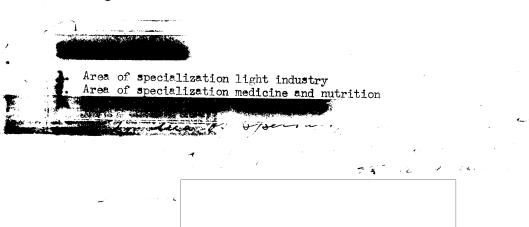

It is furthermore known that a total of about ten projects falling under the supervision of Fachgebiet Leichtindustrie were incorporated in this special Plan. About five projects of Fachgebiet Medizin und Ernaehrung. wissenschaft were also included. The number for Fachgebiet Nachrichtentechnik was two as of early November 1954, but might be increased later.

3. It appears that the special Plan mentioned is identical with the so called "Green Plan" which was established early in 1954. This seems to be borne out by the plan projects similar to those mentioned in 2. a. and c. above were Green Plan for 1954. While this Plan originally
